# Kakadu, Katherine & Litchfield Adventure

**DURATION: 4 Days**

## Day 1: Darwin to Litchfield National Park and Mary River

Leaving Darwin, we head down the Stuart Highway towards Litchfield National Park. There we will see delightful freshwater waterfalls and swimming holes, as well as some impressively sized termite mounds. We will visit Florence Falls and Buley Rockhole, enjoy a picnic lunch before another refreshing swim at Wangi Falls, which is surrounded by an idyllic monsoon forest. Our final tour for the day is a cruise of the vast waterways of the Mary River. This is brimming with crocs and native birds and a must-see for the Top End. From there we arrive at our campsite for the night and enjoy dinner. (L,D)

## Day 2: Mary River to Kakadu National Park

After breakfast this morning, head to Kakadu National Park and discover ancient Aboriginal rock art in Ubirr. Your guide will lead an interpretive cultural walk through the numerous rock galleries, before you climb to the top of a lookout for views over the Nardab floodplain. This afternoon you have the option to take a scenic flight over Kakadu (at your own expense). The flight takes in views over the Arnhem Land escarpment, vast flood plains and billabongs. We will then further our understanding of the local Aboriginal culture with a visit to the Warradjan Aboriginal Cultural Centre. Tonight, relax by the pool at the Kakadu campground and enjoy a group dinner. (B,L,D)

centre of Pine Creek before continuing on to Katherine, where you'll settle in for the night at a private campsite near Nitmiluk National Park (Katherine Gorge). (B,L,D)

**DURATION: 5 Days**

## Day 1: Darwin to Arnhem Land and Kakadu National Park

We leave Darwin with a bright and early start, and head to the World Heritage listed Kakadu National Park. Once the cruise wraps up, jump in a vehicle and cross straight into Arnhem Land for an unforgettable afternoon of exploration at an indigenous art complex known as Mawurndaddja. This complex has a spectacular series of galleries with rock art spanning from the present time to many thousands of years of age. Your guide will explain the importance of this art, the methods used to perform this expressionism and the anthropological system used to date the art as you are guided through the site. From here we travel to Uluru to enjoy a glass of champagne and watch the Rock's colours change at sunset. Then it's time for our famous 1,000 Star Dinner, an outdoor candlelit feast. Accommodation tonight is in our permanent tented camp. Tents are twin-share and are made up with proper beds and crisp linen. (L,D)

### Day 2: Uluru Sunrise

First up, we watch the fiery outback sunrise light up the Rock followed by a walk around its base to get a sense of its massive scale and a camel ride. From here an Indigenous guide leads us on a cultural interpretative walk to learn more about the significance of this iconic landform. The local Anangu people tell the dreamtime stories of their ancestors, the Mala, who settled here after being chased to the region by an evil dog-like creature known as Kurpany. The onsite Cultural Centre offers an extensive collection of Indigenous arts and crafts for you to browse and purchase. Tonight we spend the night in an exclusive campsite in Watarrka National Park. (B,L,D)

### Day 3: Kings Canyon rim walk

The centrepiece of Watarrka is undoubtedly Kings Canyon. Offering a welcome respite from the dry desert heat, this site's deep gullies and hidden rockpools provide shelter to more than 600 species of native plants and animals. Your guide will point these out on a guided trek that takes in the Canyon's most famous sites – the Lost City, Garden of Eden, Amphitheatre and North and South Walls. We will also visit the Karrke Aboriginal Culture Experience. Then it's lunch and a

rest, before we head toward Glen Helen where we stay for the evening in our permanent tented camp. (B,L)

### Day 4: Western MacDonnell Ranges

Our morning drive in the West MacDonnell Ranges will follow the Waterhole trail to Ormiston Gorge. Black-footed rock wallabies often pop down here for a drink. Next up is Ellery Creek, for a refreshing swim. Following lunch, it's on to Simpsons Gap. Known as Rungutjirpa to the Arrernte people, this deep gorge, often partly filled with water, is associated with goanna, eagle and rock wallaby dreamings. There is also the opportunity for an optional sunset camel ride before we return to Alice Springs.
